Foreign partners	

The valorization project

Description of the project 150 words	The strategic plan of the port of Pointe-Noire intends to adapt, re-evaluate, and redefine, if needed, the port's missions in order to improve its competitiveness against other regional ports and in specific areas of port operation.
Objectives of the project 150 words	The strategic plan will define the main guidelines, the modality of action, as well as the estimated general expenditures and revenue necessary for its implementation.
Main phases	<ul style="list-style-type: none"> • Diagnosis: institutional framework, master plan, Congo's development plans and orientations, strengths and weaknesses of the port, • Critical analysis of the neighboring port's development strategies, • Assessment of traffic forecasts, • Proposition of strategy scenarios for each sector (management and operation, marketing, partnerships, participations...), benchmarking of similar port strategies, evaluation of the missions considered by the PAPN • Detailed multi-criteria analysis of the scenarios, • Drafting of the final five-year strategic and operational plan, • Identification of the capacity-building's needs, • Proposition of courses of action.
Local clients and beneficiaries (Application and Valorization) 150 words	<ul style="list-style-type: none"> • Port Autonome de Pointe-Noire, • All actors of the port community.
Post project results : economic benefits / partnership ... For the company and on the site itself 50 words	<ul style="list-style-type: none"> • Support in the implementation of the selected identified actions for each ambition and strategic axes.
Environmental impact : ecological / climate indicators ... 50 words	<ul style="list-style-type: none"> • Proposal for a road map and selected indicators used in the "smart-port" topic
